

2015 CPAC- Tianbao Education Scholarship

Recipient: Echo Yuan Wu

Echo Wu is a mature student at Seneca College of Applied Arts and Technology. She is studying toward an advanced diploma in Accounting and Finance.

A single parent and the sole provider for her teenage children, Echo confidently takes on the challenges of being a full time, mature student and is particularly proud of her excellent academic grades. Through hard work and persistence, she has achieved a near perfect GPA of 4.0 during the past two semesters.

In addition to her academic excellence, Echo actively assists international students from China through a mentoring program, focusing on those who have language difficulties or need help transitioning to the Canadian education system. She advises these students on matters such as how to choose courses wisely, how to make the most out of what the College has to offer, and how to effectively deal with daily life challenges as a result of cultural and life style changes. As a mature student, she routinely encourages young students to have confidence in themselves, fearlessly meet the challenges of a language barrier, strive to excel in their studies, and boldly pursue their dreams in their chosen career fields.
